Abstract:

This is a \LaTeX template for doctoral thesis produced at the University of Split, Faculty of Electrical Engineering, Mechanical Engineering and Naval Architecture. Name of the main file used to build the final PDF file is main.tex. In main.tex file introductory pages of the thesis are formed, and by inserting “include” additional pages and chapters can be added. Template also includes eg_abstract_eng.tex file (template for abstract in English) and eg_abstract.tex file (template for abstract in Croatian), eg_thanks_dedication.tex file (an optional template for acknowledgment and dedication), eg_acronyms file (a list of acronyms), eg_chapter.tex (an example of one chapter) and author biography (a biography template in english).
